🎓 EDUCATION

Bachelor in Computer Application (BCA)

Ambition College, Kathmandu

2027

CGPA: 3.2

High School Diploma

Kanchanjunga English High School,
Birtamode, Jhapa

2018

🧠 SKILLS

Languages

HTML, CSS, JavaScript, Java

Frameworks & Tools

React.js, Node.js, Express.js, MongoDB,
ASP.NET, Bootstrap, Git, MySQL, Visual
Studio

Soft Skills

Teamwork, Communication, Problem
Solving, Time Management

🔑 TECHNICAL INTERESTS

- ♦ Full-Stack Web Development (MERN Stack)
- ♦ API Development and Integration
- ♦ Database Design and Optimization
- ♦ Cloud and Deployment Tools (Git, GitHub)
- ♦ Software Project Management

👤 CAREER OBJECTIVE

Motivated and detail-oriented BCA student passionate about software development and full-stack web technologies. Seeking an internship opportunity to apply my skills in real-world projects, collaborate with a professional team, and grow as a developer in a dynamic IT environment.

📁 PROJECTS

Room Finder System (MERN Stack)

Developed a full-stack Room Finder web application that allows users to search and list rooms based on location, price, and features.

- Built frontend using React.js for a responsive UI.
- Created RESTful APIs with Node.js and Express.js.
- Managed data using MongoDB, implementing CRUD operations.
- Added authentication, filtering, and real-time availability updates.

Parking Management System

Created a QR-based parking management system using PHP, HTML, CSS, and MySQL for digital, paperless ticketing, duration tracking, and automated payment calculation.

Portfolio Website

Designed a personal portfolio site showcasing my projects and photography using HTML, CSS, and JavaScript.

Restaurant Reservation System

Developed a full-stack Restaurant Reservation system that allows users to search and book restaurant tables based on location, price, table availability, food availability, ambientes etc.

- Built frontend using React.js for a responsive UI.
- Created RESTful APIs with Node.js and Express.js.
- Managed data using MongoDB, implementing CRUD operations.
- Added authentication, filtering, and real-time availability updates.

★ ACTIVITIES & ACHIEVEMENTS

- ♦ Member of Ambition College Tech Club
- ♦ Assisted in organizing Ambition College Futsal Cup 2025 (Tech & Media Team)
- ♦ Photography and content creation for college events
